Congratulations, You have wisely purchased a permanently buoyant product! The occasional drips and gentle shadings in the coating should not be regarded as defects. They are a characteristic of the tough outer surface which gives this product its beauty, protective finish, and long-lasting durability. We have a few recommendations to enhance the life and beauty of this long-lasting product:

1. CLEAN WITH MILD SOAP & WATER
2. FOR LONGER LIFE OF PRODUCT, STORE DRY
3. DO NOT EXPOSE TO EXTREME TEMPERATURES
4. DO NOT PLACE ANYTHING ON TOP WHEN NOT IN USE
5. STAINS MAY BE REMOVED WITH MILD SOLUTION OF CHLORINE
6. USE A MARINE/RECREATION MULTI-SURFACE CLEANER THAT WORKS ON VINYL AT BEGINNING AND END OF SEASON
7. WHEN NOT IN USE REMOVE PRODUCT FROM WATER

All floating recliners, floating lounges, and floating chairs are designed for recreational use only. They are a flotation aid only, the level of actual buoyancy in the water is relative to the individuals weight and distribution. Not to be used as a life saving device.

Your product is made from a closed-cell foam which prevents water logging and absorption, therefore, any tears, cuts, or nicks will not affect the buoyancy or performance of this unique product. This is normal wear and tear and is not part of any store or factory guarantee. It is not grounds for replacement. Mildew is an environmental problem and is not covered under this warranty.

Should your product acquire any small tears, nicks, cuts, bites or claw marks from family pets our vinyl repair sealant will help restore the finish and extend product life. You may purchase your vinyl-repair sealant online at <https://store.texasrec.com/vinyl-repair-sealant-and-adhesive> and have it shipped directly to your front door!
